To Whom It May Concern:

It is my pleasure to inform you of Managed Care Revenue Consulting Group (MCRC Group) and their services in revenue recovery and managed care/pay for performance consulting. I have known and worked with the founders of MCRC Group for many years. They are well regarded in the industry for their knowledge and expertise related to managed care contracting, contract compliance, revenue recovery, cash acceleration, and pay for performance programs. In addition to working on implementation of a pay for performance program, our hospitals have recently contracted with MCRC Group to provide revenue recovery services. In a short period of time they have proven to work quickly and effectively in identifying revenue opportunities and working with the plans to obtain the additional revenue. They have also worked closely with our staff to inform us of contract compliance issues and opportunities to collect additional contract reimbursement.

I would strongly recommend MCRC group for other healthcare organizations and would be happy to discuss any questions you may have about their services. I can be reached at 718-206-6930 or devangel@jhmc.org.

Sincerely,

A handwritten signature in black ink that reads "David Evangelista". The signature is fluid and cursive.

David Evangelista
Corporate Director of Managed Care
